Experience

Residence Committee/RC – Free State, BFN Sep 2021 – Nov 2022
Position: Media and Marketing.

- I was working for the Armentum residence in the University of the Free State. My duties were to manage the residence's social media accounts and update the information on the site.
- I was responsible for designing the merchandise of the residence from uniform to First-Years merchandise using apps like Photoshop and Canva.
- I was searching for supplier's, communicating, and making orders

H2O purification – Limpopo, Dennilton 2019
I was selling purified water and taking orders of customers.

Projects

Personal Website (Built Using: HTML, CSS) [\[Github\]](#)

- Designed this website to further express myself and to host all the projects that I will make and to share resources that I think will enhance the skills of other developers in need.

Programming skills: C#, MySQL, HTML/Bootstrap, CSS, JavaScript

Interests: Editing (videos, photos), Designing, Debugging, fixing computers, and leetcoding.
